League, in which she responded to the complaint of Mrs. Anne Marie Feeney against the league's handling of her dog.

Mrs. Scholter wrote: "After reading the excerpts in the Presto Press from Mrs. Feeney's letter regarding her dog, I contacted David Medeiros, the executive director of the Animal Rescue League of New Bedford.

"Following my discussion with Medeiros, I feel it would be beneficial to publish some of the regulations in the contract Mattapoisett has with the league to prevent any further misunderstandings."

The regulations include: 1. Mattapoisett has a contract to have stray Mattapoisett dogs confined at the league. 2. Mattapoisett dogs can be released ONLY between 10 a.m. and 4 p.m. Monday through Friday. 3. Prior to release, all fines must be paid at the Mattapoisett Town Hall. 4. Unlicensed dogs cannot be released from the league. (This is a state law - dogs over three months of age must be licensed.)

Selectmen Chairman John N. DeCosta commented that publishing these regulations should save a lot of grief and misunderstandings.

The board also received a letter from David Medeiros in which he explained the misunderstanding. He noted dogs could be released only from 10 a.m. to 4 p.m. Monday through Friday. "To alter that will be in violation. The attendant did not have that authority to alter the rules", Medeiros wrote. A copy of Medeiros' letter will be sent to Mrs. Feeney.

In other business Selectmen:

RECEIVED a memo from Fire Chief Donald Wood requesting that the electric wiring be inspected at the Sailaway Restaurant on Route 6. The chief said that after checking a small electric fire in the cellar he felt the wire inspector, Russell Peirce, should check the wiring. Selectmen will direct Mr. Peirce to check the restaurant wiring as soon as possible.

alcohol abuse in our three towns, as they answered questions from the Parent Support Group on February 9th at ORRHS.

The meeting had great candor sprinkled with humor as the chiefs expressed their deep concern and their willingness to work with our area youth and parents. The types of questions asked and the direct answers given were most enlightening and helpful. The Parent Support Group felt this type of dialogue may be an answer to what some had hoped to obtain at the original Chemical People Program.

An open meeting with the three Chiefs of Police is in the planning.

EARLY PREVENTION COMMITTEE

The Early Prevention through Education Committee met on January 8th to view a community action film on alcohol and drug abuse. "America Fights Back - Epidemic II" showed how other communities got together and tackled the abuse problem at all levels in their communities.

Also, Jane Leverone has been appointed as Librarian of Resources. Preliminary action on curriculum enhancement of drug and alcohol prevention education to K-8 grade levels was started.

The next meeting has been set for Tuesday, March 6th, at 7:00 p.m. in the ORR Cafeteria.

CHEMICAL PEOPLE BOARD

The Board met February 9th and will meet again March 8th.

Fingerprinting Program

This Saturday, March 3rd, the Mattapoisett Police Department, with assistance of the Mattapoisett Lions' Club, will fingerprint students from Kindergarten through Grade 3 at Center School. Consent forms have been sent home via pupils of Center School to their parents or guardians to seek permission for participation in this program.

The prints obtained will be the property of the parents of the child and will be kept at home in a safe location to assist in any future need for identification. It is emphasized that no other copy will

Rosenshontz Concert

The Rosenshontz family concert is scheduled for this Saturday, March 3rd, at 7:30 p.m. at the Old Rochester Regional High School Auditorium, sponsored by Mattapoisett P.T.O. and VASE (Volunteers at Sippican Elementary) to help bring arts and humanities to schools.

To Gary Rosen and Bill Shontz music is not a spectator sport. It's involvement: audience involvement -- and an active and positive sharing between parents and their children.

Rosenshontz began making their original music for family audiences as early as 1974 when they performed at a fundraising concert at Carnegie Recital Hall in New York City. Ever since then they and their 1980 release "Rosenshontz Tickles You" -- a 1982 pick-of-the-year by the American Library Association -- have been turning on adults

and kids throughout the United States and Canada to the sheer delight and joy of music and music-making.

A culmination of their in-school program, the Rosenshontz family concert has an uncanny ability to span the generations. Young and old alike are quickly transformed: into percussion instruments, clapping out catchy rhythms; into spontaneous composers, improvising verses; into concert performers, providing rousing two-part choral harmonies to the funky "Hippopotamus Rock".

As for the kids, Rosenshontz has been keeping them on the edge of their seats for the past eight years. Their extensive concert program has brought live music education into over a thousand schools throughout the country.

Equipped with voices, guitar, flute, clarinet, sax, pennywhistle, Rosenshontz blends sophisticated rhythms and instrumentals with original lyrics that combine fun and nonsense with a world-view.

The Rosenshontz message is clear. It reverberates in their voices, in their songs and instruments. It is saying: Feel good about yourself, take your place in the world. To Gary Rosen and Bill Shontz, music is first and foremost, fun.

For tickets call Chris Gaspar, 758-4436; or Linda Lane, 748-1045; tickets will also be available at the door.

This concert is partially funded by the Mattapoisett Arts Council with funds from the Arts Lottery; the Massachusetts Council on the Arts & Humanities, the Jessie B. Cox Charitable Trust through the New England Foundation for the Arts and the National Endowment for the Arts.

Abstract art, that is, nonrepresentational, art was not new. But in this most recent phase it became a uniquely American phenomenon. We will be asking many questions of the material. Where did it come from? What are abstract expressionists trying to do? What do they want? How can there be any meaning in dots and splashes? How do we make sense out of artists who painted abstractly, and also painted portraits? Our focus will be on two famous women, whose achievements were long over-shadowed by their more visible husbands. Mixie Montague will talk about Peggy Guggenheim and the New York School by way of introduction. Norma Holt will tell us about Lee Krasner, and Louise Preissler about Elaine Fried de Kooning. Time permitting, we will look at the work of two famous sculptors of the same school: Louise Nevelson and Mary Callery.

Everyone is welcome.

Dinner and Entertainment

The dinner for shut-ins, handicapped and those persons living alone, held at St. Anthony's Church Hall, Sunday, February 12th, was a huge success.

Under the chairmanship of Charlie Finn and with the cooperation of many of the town's organizations and church groups, assisted by over a hundred volunteers of all ages, from teeners to octogenarians, a roast beef dinner, prepared by Mike Costa and his family of Costa's Restaurant, Mattapoisett, was served to approximately one hundred fifteen people.

This excellent meal coupled with fine entertainment before and after made for a memorable afternoon that will hopefully be soon duplicated. Everyone helping to make this event a success deserves congratulations.

BOOK COMMENT BY PAUL MYERS

"THE NUCLEAR BARONS" by Peter Pringle, Washington correspondent for the London Observer, and Jacob Spigleman, sometime advisor to the Prime Minister of Australia: The book is an account of how a military-political-industrial-scientific-technocratic elite managed to get control of the infinite awesome power of the atom and make decisions that would affect the quality of life for generations to come. The nuclear nightmare that now hangs over the planet earth is the direct result of these decisions.

by their years of experiment with uranium compound and called the new element they discovered radium. The ensuing years of experimentation with radium records hundreds of painful tragic results of mishandling and misusing radium-doctors prescribing it for various ailments - artists mixing it with paints to glow in the dark, leukemia and other cancers in women, in factories painting clock and watch dials, radiologists losing hands and arms, etc. etc.

He points to the need for those first books - board books, cloth books, junk books - to be experienced, to be chewed on, dribbled on, and lived with. From picture books to poetry, chapter books and novels, Jim Trelease describes the growth of children's interest and attention span.

The father of two children, Trelease also warns of the dangers from children "overdosing" on television and he offers a step-by-step plan by which parents can fend off the TV attack on children's living and learning.

We are fortunate to have Jim Trelease in our communities for an evening. All parents of children newborn to adolescent are encouraged to attend.

THERE'S MORE TO HEATING YOUR HOME THAN PUTTING OIL IN YOUR TANK ...

Filling your tank with oil is only the first step in keeping your family warm and comfortable during the winter months.

Maintaining your heating system in top operating condition is important to insure maximum fuel efficiency and extend the life of your oil burner and fuel pump.

Energy conservation programs are also important. Previous years have taught us that oil is a precious resource and should not be wasted. Conservation programs allow you to heat your home with less oil and for less money.

If your heating system breaks down during a cold spell in February, it's comforting to know a trained technician will service and deliver any time of the day or night, during any weather conditions.

A Better Home Heat Council Qualified Fuel Oil Dealer is the person who can deliver all the ingredients that go into keeping your family warm and comfortable.

Your qualified dealer is professionally trained to keep your heating system in good working condition. This minimizes the chance of a malfunction. But if your system should break down, your qualified dealer is on 24 hour call.

Be sure to look for the Qualified seal to assure you're being serviced by a Better Home Heat Council Qualified Dealer.

5-Day Stay at C.G. Academy

C.G. AUXILIARY SPONSORS A.I.M. CANDIDATES

Young men and women in their junior year in high school, seeking the challenge of a service academy, have a rare opportunity to try academy life first hand, thanks to the Coast Guard Auxiliary's Academy Introduction Mission (AIM). Every August the Coast Guard's civilian volunteer arm sends a select number of students to the U.S. Coast Guard Academy in New London, Connecticut to sample the life of a typical fourth classman there.

The FREE five day glimpse at Coast Guard life, made possible by the sponsoring Auxiliary units, includes all transportation costs from any point in the United States including Alaska, Hawaii and Puerto Rico.

It is estimated that about 175 youngsters will make the trip this year. Participants sample nearly every aspect of Cadet life -- from sailing Academy sloops to marching in close order drill between classes.

Candidates go on a guided tour of the Academy grounds and buildings, Coast Guard cutters and of course the famed training barque EAGLE if in port. Lectures by department heads, movies, athletics and instruction in seamanship make for some very stimulating days.

Local Coast Guard Auxiliary units will be interviewing prospective candidates during February and March. Basic eligibility requirements are: 1. Not over 18 years of age, nor under 15; 2. Good scholastic record, preferable in upper 25% of their class (PSAT) score over 1000; 3. Must be in

Letter to The Editor:

A RESOLUTION passed at the 92nd Continental Congress in Washington last April by the Daughters of the American Revolution deserves repeating for AMERICAN HISTORY MONTH - February. It is entitled PATRIOTISM and reads as follows:

"Whereas God has so blessed the people of the United States of America by giving them the privilege and opportunity to live in the largest free nation on earth - a Nation which has provided the greatest good for the greatest number of people in the history of mankind - and

Whereas the many rights and privileges of citizenship will be retained only through eternal vigilance; and

Whereas such symbols of patriotism as the Flag, the National Anthem, the Liberty Bell, the Statue of Liberty and the American Bald Eagle will remain visible symbols of freedom, liberty and justice only as long as it is the will of the people; and

Whereas Patriotism is the love and pride for this Nation and its heritage, the willingness to assume the responsibility of citizenship and to defend this Republic against all enemies both within and without;

RESOLVES, that the members of the DAR continue to educate and re-educate the people of the United States of America to appreciate and respect their historical heritage and the deeds of the courageous and farsighted men and women who formed this Republic for the future freedom of our Nation rests with those who grasp the importance of Patriotism."

FANTAISIE. An abstract, plotless ballet, yet lovely and romantic, is set to the music of Mikhail Glinka. Susan Pillarre, a Balanchine protegee, set and staged this piece for the senior company in February, 1982. Patricia DuBois and Winthrop Corey will be featured.

Agnes De Mille's GOLDEN AGE pas de deux was first performed for Festival Ballet's Spring performance in 1980, by Christine Hennessy and Winthrop Corey. DeMille adapted this selection especially for the duo when they were with the Royal Winnipeg Ballet, and she personally came to Rhode Island and staged the entire piece for the company in 1980. It is set in the gaudy decadence of 19th Century Paris, and tells the story of the decline of a prima ballerina, with the emergence of a new star. Lorraine Padden and Winthrop Corey will dance this sensual piece to the distinctive music of Rossini, played live by the talented pianist, Stephen Martorella. Mr. Martorella makes his first appearance as solo accompanist for Festival Ballet's Golden Age.

British choreographer Kenneth MacMillan combined wit and comedy with the music of Jacques Ibert, and created this surprising, short, spritely PAS EXCENTRIQUE. A plotless, eye-catching pas de trois will have you

laughing and wanting more.

Live piano music will again be heard from the stage, as Stephen Martorella exhibits his expertise playing the honky-tonk music of Scott Joplin for Mark Schneider's swinging piece of choreography, RAGS 'n' THINGS. Festival Ballet was fortunate to obtain the recognized talents of the choreographer, and brought him to Rhode Island in December to personally stage this spirited dance. Mr. Schneider is from the American Festival Ballet in Boise, Idaho, and among some of his schools of training are the Dance Theatre of Harlem (Arthur Mitchell, Director), Pittsburgh Ballet Theatre School, and Texas Christian University. His credits as soloist and principal dancer with companies such as the Ballet Metropolitan, Birmingham Ballet, and the Pittsburgh Ballet Theatre are outstanding.

MONOTONES I was created for the Royal Ballet of London by the director and one of the greatest choreographers of the 20th Century, Sir Frederick Ashton. A plotless contemporary ballet, with aura of the Orient, inspired by the music of Eric Satie, it is the first of a two-part ballet for two female dancers and one male.

Petras Bosman, who for eighteen years had a very distinguished career as soloist with the Royal Ballet of London, and worked very closely with Ashton, staged this signature work for the company in September, 1982. Bosman is currently director of the National Academy of Arts in Champagne, Illinois, and has exclusive authorization to direct Ashton pieces.

Treat yourself to an evening of pure exhilarating fun. Join the Festival Ballet at the Zeiterion Theatre, to celebrate Spring, on March 10th at 8:00 p.m. Call the Zeiterion box office at 994-2900 for more information and tickets.

Festival Ballet performances are funded in part by the Rhode Island State Council on the Arts.

consumer protection laws dating back to 1907. This law seeks to protect individuals by assuring that unclaimed bank accounts, uncashed payroll checks, gift certificates, insurance proceeds and other funds which have been inactive for at least five years are returned to their rightful owners.

State Treasurer Robert Q. Crane is charged with administering this law. One of his responsibilities is to see that banks and other institutions are in compliance with the law. In the past Treasurer Crane has had to sue the First National Bank of Boston, Filene's and the John Hancock Mutual Life Insurance Company to make them turn over unclaimed funds. The Treasurer's Office then must try to locate the missing owners to return their monies to them.

In March, Treasurer Crane will release the names of more than 30,000 Massachusetts residents who are due unclaimed funds. These names and other information will appear in newspapers across the state.

Last year Treasurer Crane returned more than $10 million to the rightful owners or legal heirs under this statute.

Dr. Muldoon showed and discussed a wide variety of slides that compared healthy teeth and gums with those that are diseased. Miss Aiken and her class wish to thank Dr. Muldoon for sharing his knowledge with them. His visit was very rewarding and informative.

SMU Lecture Series

AUTHOR JAMES BALDWIN TO LECTURE AT SMU

James Baldwin, one of the world's major living authors, will present "An Evening with James Baldwin" at Southeastern Massachusetts University on March 8th at 8 p.m. in the University's Main Auditorium. The lecture is open to the public.

Baldwin has won nearly every kind of prestigious award and literary honor, national and international, that can be conferred upon an American writer.

He has published five volumes of nonfiction, seven books of fiction, and two full-length plays. The plays were major productions and critical successes.

Baldwin's work, characteristically, deals with the tensions and vulnerability associated with any level of love, tragic loss, relationships between African Americans and European Americans, and triumphs of the human spirit. He was a boy preacher, and a sense of spirituality hovers over even his most erotic work. Moral implications serve as a backdrop for even his writings

Recital at SMU

Pianist Phyllis Alpert Lehrer will perform at Southeastern Massachusetts University on March 8th at 12:30 p.m. in the Recital Hall of the Group VI Building. Her concert is free and open to the public.

Her program will include works by Brahms, Haydn, Schumann, Goolkasian-Rahbee, and Liszt.

Her recitals have received excellent reviews. A Rhode Island newspaper wrote of her performance at the Newport Festival: "Her big piece was the Schumann Fantasie, full of passion, leaping chords, and some murderously difficult syncopated rhythms". Another critic remarked about "the warmth of her tone, the tenderness in the brilliance".

Ms. Lehrer graduated from the University of Rochester and earned a master's degree in music from the Juilliard School of Music. She is now chairperson of the piano department at Westminster Choir College in Princeton, New Jersey.

Among her distinguished teachers was Lily Dumont of New Bedford.

Her concert is a presentation of the SMU Guest Artist Series and is sponsored by the SMU Music Guild.

Suspense and laughter abound when the Brightmon family moves to their summer home while their townhouse is remodeled. Domineering Juliet Brighton and her milquetoast husband Boniface are distraught at the absence of their daughter Wendy, who preceded her parents in order to open the summer house. Children's Museum

MAPLE SUGARING DEMONSTRATION

The Children's Museum, located at 276 Gulf Road in South Dartmouth, will conduct Maple Sugaring demonstrations throughout March. Public programs that cover tree identification, sugar production, sap collection and processing will be held each Saturday in March from 12 noon to 2 p.m.

The month will culminate with the annual Pancake Breakfast April 1, from 9 a.m. to 1 p.m.

The sugaring process itself will be conducted at the Children's Museum's renovated Sugar Maple Shed located just southeast of the Museum Building. The concrete shed has recently had a peaked wooden roof, windows and doors added to make it an all-weather structure.

The Children's Museum thanks Mr. Warren Hirshson who generously provided major financial support for the project. Additional funding was provided by Mr. Charles A. Dana, III.

For further information the public is urged to phone the Museum at 993-3361.

WORKSHOPS TO BE CONDUCTED

Parents with pre-schoolers can take advantage of a Children's Museum program "Sun-Shine Catchers and Tummy Snackers" on Wednesday, March 7th, at 10 a.m. Working together, participants will combine "stained-glass" sun catchers with a simple recipe for "stained glass" cookies to end up with a window decoration and a treat for the tummy. On March 14th, pre-schoolers and parents can make a colorful pinwheel and perhaps find a leprechaun's surprise in "Pinwheels, Rainbows and Leprechauns" at 10 a.m.; requires pre-registration.

The Museum is also conducting an ongoing series of Saturday workshops. Children aged 8 and older can find out about rocks and minerals at the Museum on March 10th at 10 a.m. Children will use exciting hands-on tests to identify a variety of geologic specimens. "Rock and Mineral Identification" requires pre-registration.

Two additional Saturday Workshops are open to all ages (pre-registration is required for both): "Ocology" is the study of eggs. Those taking part will decorate eggs and find out how it's done in nature, March 10th at 1 p.m.

A miniature balanced ecosystem in a bottle is called an "Ecolarium". Children will "build" one with live plants and animals to take home at 3 p.m. on March 10th.

Most workshops have special fees and limited enrollment. For further information contact the Children's Museum by phoning 993-3361. The Museum is located at 275 Gulf Road in South Dartmouth.

MOON WATCH AT CHILDREN'S MUSEUM

On Saturday, March 10th, the Children's Museum of Dartmouth will sponsor a Moon Watch with amateur astronomer Gerald Dyck at 7 p.m.

The Museum's 10" Newtonian reflector telescope will be set up and visitors are invited to bring their own telescopes. The program will also include an indoor presentation of slides and stories about the earth's closest neighbor in space. The program is designed especially for families with children, as Mr. Dyck's commentary is lively as well as informative.

Participants should come dressed for the weather. There is no fee for the program beyond regular Museum admission fees. Museum members gain free admission.

For further information contact the Children's Museum by phoning 993-3361.

IRISH STORYTELLER FEATURED AT MUSEUM

To commemorate Saint Patrick's Day, Irish folk story teller Maggi Pierce will appear at the Children's Museum on Saturday, March 10th, at 2 to 3 p.m. The Museum is located at 276 Gulf Road in South Dartmouth.

Ms. Pierce, who was born on the Emerald Isle, is well known for her engaging per-

WHALE WATCH

A Whale Watch, open to the general public, is planned by the Dartmouth Children's Museum for Sunday, April 15th. Pre-registration is required. The last day that registration and payments can be accepted is March 15th. Departure time from the Children's Museum is 10:30 a.m. Estimated arrival time in Provincetown is 1:45 p.m. Participants must provide their own transportation to Provincetown and carpooling will be encouraged.

The Museum's whale watching trips of the past have been quite memorable with groups of finbacks, humpbacks, and right whales having been sighted close enough for photo taking. The "Dolphin IV" will leave the Provincetown dock for a four hour ocean cruise with a qualified naturalist on board to aid in whale sightings.

Cost per person for the Whale Watch is $15. Payment must accompany reservation form. Please contact the Children's Museum by phoning 993-3361 for further information.

Evelyn Murphy Guest Lecturer

Dr. Evelyn F. Murphy, chief economic policy maker for Governor Michael S. Dukakis, will give the fourth lecture in Southeastern Massachusetts University's 1983-84 Distinguished Guest Lecture Series on March 7th. The title of her talk, scheduled for 3 p.m. in the Recital Hall of the Group VI Building, is "Women, Careers, and Politics". She will discuss some of the critical issues which surround women and the gender gap. The lecture is free and open to the public.

Dr. Murphy was appointed Secretary of Economic Affairs by Governor Dukakis in 1983. During the first Dukakis administration she was Secretary for Environmental Affairs from 1975-79. Her concern for health and environmental affairs has kept her active over the years in such endeavors as Ancon Associates, a social health planning firm of which she served as president, as well as the Coalition for Safe Waste Management.

There will be an informal seminar with Dr. Murphy at 2:15 p.m. that same day in Room 397D of the Group I Building preceding the lecture. A wine and cheese reception will follow the 3 p.m. lecture.

The Distinguished Guest Lecture Series was established in 1982 to enrich the educational and scholarly life of the university.

showings will be held every day at 10:00 a.m., admission $1.00. Evening showings will be given on Thursday and Friday, March 8th and 9th, at 7:30 p.m., admission $3.00.

The Herman Melville epic had its world premiere in New Bedford on June 27, 1956, at three of New Bedford's finest theatres - the New Bedford Empire and the State (now the beautifully restored Zeiterion). Director John Huston and star Gregory Peck were both in attendance for the premiere festivities and many New Bedford residents fondly recall the glamour and excitement of the historic celebration.

Moby Dick, studied by so many New Bedford students, is a fascinating morality tale set at sea. It is a rousing adventure, an intense characterization of a vengeance-ridden man, and an authoritative story of a 19th century whaling vessel. Since the early scenes of both book and movie are set in New Bedford and reflect such places as the busy whaling wharves and the esteemed Seaman's Bethel, Moby Dick will always be a reminder of the glory of New Bedford's past.

In reliving this historic event, the Zeiterion Theatre will present Moby Dick Monday through Friday mornings, March 5-9, at 10:00 a.m. when area schools are invited to bring in student groups for $1.00 per person.

Evening showtimes for Moby Dick are 7:30 p.m. on Thursday and Friday, March 8th and 9th. For more information call the Zeiterion Theatre box office at 994-2900.

When it comes to a man's COMFORT ...

PENNY

TASSEL

The man with a taste for the classics knows what to expect from Bass shoes. Understated good looks and uncompromising craftsmanship, for the office or casual wear. And that's what makes a classic.

But Bass shoes also have an adventurous streak. They were in the cockpit when the Spirit of St. Louis made the first solo transatlantic flight.

And Bass craftsmanship was chosen for early Arctic expeditions, when a man's life depended on his equipment.

... Bass® has it all sewed up.

BUCKS

From the original hand-stitched Weejun - they don't call them loafers for nothing - to the latest Weejun soft styles, Bass shoes are a pleasure to wear.

The all-around classics.
